GAMES ON GRIDIRON
THANKSGIVING DAYRESULTS OF FOOTBALL CON-
TESTS THURSDAY.

Chicago Teams Win Both Their Games
—Pennsylvania University Too Much For Cornell—Crew of the Battleship Indiana Defeated—Where Victors Paraded.

Thankful That They Escaped Death
Chicago, Nov. 27.—Chicago won everything Thursday. Its university men snatched the western collegiate football championship from the Michigan giants—7 to 6—and its athletic club team humiliated the muscle of Boston—12 to 6. It was crowned because it excelled in science, skill and pluck, was swifter on foot, surer in hand and longer in head. Evanston missed success by a fluke, which dimmed the glory of the Northwestern warriors, who beat down the farmers of Wisconsin—6 to 6.

Michigan Freshmen Beaten.

Toledo, Ohio, Nov. 27.—The freshman eleven of the University of Michigan met defeat on a muddy gridiron from the Toledo football team. Two twenty minute halves were played, and in the first neither eleven scored a touchdown. In the second half the Toledo team scored two touchdowns, but could not kick goal. After this Michigan played with more vim. Acheson, right half, secured a touchdown, and Anderson kicked goal. Both teams worked hard, but could do no more scoring. Score: Toledos, 8; Ann Arbor, 6.

Wins the Southern Championship.
Richmond, Va., Nov. 27.—The football eleven from the University of North Carolina met with a crushing defeat here Thursday at the hands of their old opponents from the University of Virginia, the score being 46 to 0. The latter team by their victory are the champions of the South for 1896.

"Fighting Bob's" Men Lose.
West Point, N. Y., Nov. 27.—The tars of the battleship Indiana, commanded by "Fighting Bob" Evans, lined up in a game of football here with the Post eleven, comprising enlisted men from the various detachments. The Post team won by a score of 18 to 4.

Even Game at Lafayette, Ind.
Lafayette, Ind., Nov. 27.—The big Thanksgiving football game between Purdue university and the University of Illinois on Stuart field at Purdue resulted in a tie, the final score being 4 to 4. Thirty-five minute halves were played.

Detroit Athletes Win a Game.
Detroit, Nov. 27.—The Detroit Athletic club football team defeated Albion college eleven by the score of 16 to 0. Albion's team was crippled by the absence of Jacobs, right tackle; F. Shipp, her star half back, and Hanson, left guard.

Played a Tie Game.
Indianapolis, Ind., Nov. 27.—The annual game between the Indianapolis university team and the Indianapolis Athletic association eleven resulted in a victory for the Athletics by a score of 14 to 0.

Played on a Muddy Field.
Indianapolis, Ind., Nov. 27.—The annual game between the Indianapolis university team and the Indianapolis Athletic association eleven resulted in a victory for the Athletics by a score of 14 to 0.

St. Ignatius Team Wins.
Detroit, Mich., Nov. 27.—The football eleven of Detroit college was vanquished by the team from St. Ignatius college, Chicago, on the Michigan athletic grounds, by a score of 20 to 0.

Hard Game at Notre Dame.
Notre Dame, Ind., Nov. 27.—The most successful season of football that Notre Dame has ever experienced ended Thursday afternoon in the defeat of Beloit by a score of 8 to 0.

Louisville Won an Easy Game.
Louisville, Nov. 27.—The football game between the Louisville Athletic club and the State college of Lexington was won by the former by a score of 30 to 4.

Pennsylvania Defeats Cornell.
Philadelphia, Nov. 27.—Pennsylvania defeated Cornell at football on Franklin field by a score of 32 to 10 before a crowd of 13,000 people.

Eight Thousand Out at Hamburg.
Hamburg, Nov. 27.—It is estimated that about 8,000 dockers are now out on strike at this port, but steamers are arriving with men to replace the strikers from England and Sweden. Lighters have joined with the strikers. The dockers of Kiel have announced their intention of going out.

Canada Also Gives Thanks.
Ottawa, Ont., Nov. 27.—There was a total suspension of government business at the dominion capital Thursday, it having been arranged for the first time in the history of the country to hold Thanksgiving day on the same date as that set apart by the United States.

CHISPI PREDICTS A LONG WAR
The Spanish Statesman Seemsto Be An Alarist

Berlin, Nov. 27.—Signor Crispini, the former Italian premier, in an autograph letter to a charity bazaar, declares that it is a delusion to suppose that Europe is in favor of peace. "The ambitious and revengeful powers," says Signor Crispini, "are only waiting until success is assured to plunge Europe into war."

Thanksgiving Banquet at Berlin.

Berlin, Nov. 27.—At the Thanksgiving banquet Thursday night of the American colony Ambassador Uhl and William S. Carroll, consul general for the United States at Dresden, were the principal speakers. Mr. Uhl made a capital speech on national issues, and proposed three cheers for the emperor, President Cleveland and President-elect McKinley. Mr. Carroll spoke to the toast, "The Day We Celebrate."

Charter for Bank of France.

Paris, Nov. 27.—The bureau of the Chamber of Deputies elected a committee to examine the bill providing for a renewal of the privileges of the Bank of France. The committee is understood to be favorable to the measure.

SECRETARY LAMONT'S REPORT
Recommends a Reorganization of the Infantry on Modern Lines.

Washington, Nov. 27.—In his annual report Secretary Lamont renews his previous recommendation that the infantry be reorganized on the general idea of three light and mobile battalions of four companies each to the regiment instead of the cumbersome ten company formation adopted a century ago, and abandoned by other nations since the development of modern magazine rifles, and he quotes Generals Sherman, Sheridan and Lieutenant General Schofield in support of the necessity of this reorganization of the infantry.

The completion already of some coast defenses and the approaching completion of other modern batteries render necessary a larger force of artillerists, but no other increase of the army is asked for. The plan of sea coast defense involves 100 distinct batteries in over twenty harbors.

The report shows that according to the statements of department commanders the discipline of the troops was never better than now. The number of trials by general court-martial was about 15 per cent less during the last year than the year before. In no previous year of the history of the army has the health of the troops been so satisfactory.

Under the new system the army has for the first time been paid monthly. Over \$14,000,000 was disbursed. The saving to the government by the system is about \$25,000 annually, and it appears to encourage economy among the men, as soldiers' deposits this year are over \$100,000 more than last year.

Desertion in the army is decreasing. Deserters in 1883 numbered 3,578, in 1893 only 1,682 and last year 1,365.

Quarry Owners Will Combine.

Cleveland, Nov. 27.—Before the beginning of the new year a big corporation will be formed embracing practically all the sandstone quarry interests of the United States. Practically all the building sandstone quarried in this country east of the Rocky Mountains comes from northern Ohio, the only other place where it is found being in a small spot near Denver. It is estimated that a saving of 10 per cent will be made in operating expenses alone. The capital will be \$5,000,000, and the intention is to buy up all the small quarries not in the combination.

Trouble Ahead for Railroads.

Springfield, Ill., Nov. 27.—Railroad people generally throughout the state are somewhat worked up regarding a rumor and the published statement that the railroad and warehouse commission was likely to be called upon at an early date to enforce a reduction of passenger rates over the state from 3 to 2 cents a mile, and strong efforts are being made by representatives of the various roads to induce the commission to disclose the identity of the committee that waited upon the commission here about two weeks ago.

Delegates to Indianapolis.

Indianapolis, Ind., Nov. 27.—The Indianapolis board of trade has received letters and telegrams from nearly all of the leading boards of trade in the middle western states, indicating that they have appointed delegates or will appoint them to the conference here Dec. 1, for the purpose of considering a call for a national convention of business organizations on the currency question. Columbus and Cincinnati were the first cities to appoint delegates.

President Faure to Decide It.

London, Nov. 27.—A dispatch to the Times from Paris says that a convention has been signed at Bogota to submit the boundary dispute between Colombia and Corsica to the arbitration of President Faure.

Quay for the Dingley Bill.

Washington, Nov. 27.—Senator Quay has thrown political proplets into a panicky state by declaring in favor of the passing of the Dingley revenue bill at the short session of Congress and the avoiding of the necessity for an extra session.

THE FIRST BLIZZARD
OF THIS SEASONSLEET AND SNOW IN BOTH
DAKOTAS.

Railway Trains Hopelessly Tangled Up From Fargo to Mandan, and Telegraph Lines Down All Over Nebraska and the West—General News of the Blow.

Thankful That It Was No Worse

St. Paul, Minn., Nov. 27.—Reports from North Dakota say that the first great blizzard of the year prevails. Railroad trains are in hopeless tangle from Fargo west to Mandan, and most of the telegraph wires are down. Business at Jamestown, Valley City, Larimore and Devil's Lake is suspended. The storm is increasing in severity and the temperature is only from 2 to 6 degrees above zero.

RAILROADS TIED UP.

Rain and Sleet Stop Traffic—Wires All Down.

Omaha, Neb., Nov. 27.—The rain and sleet of Wednesday night broke down the telegraph wires in the western and northern parts of Nebraska. The Burlington had no wires working north of Aurora, and not a word had been received from the entire western division. The Union Pacific reported nothing west of Columbus and along the western portion of the Omaha and Republican valley. The Elkhorn, also, had nothing west of O'Neill, or in the South Platte country. The Rock Island reported trouble west of Fairbury. About 300 poles are down between Columbus and Kearney on the Union Pacific. Overland messages are coming via Kansas.

The Nebraska telephone line exchanges were in trouble at Norfolk, Grand Island, Aurora, Kearney and Hastings, and toll lines are down west of North Bend, north of West Point, west of York, and in some other localities.

Storm on Lake Superior.

Ashland, Wis., Nov. 27.—The steamer Ericsson and schooner Corliss of the Rockefeller fleet, returned to the harbor after a vain battle with the gale on Lake Superior. The steamer and her consort were unable to make any headway against the sea, and were finally compelled to run for shelter to save themselves. Both vessels are damaged. The steamer Cumberland left a short time before the Ericsson and Holley. She has not yet returned. The captain of the Ericsson says he saw the Cumberland endeavor to turn back, but could not do so. He fears she is ashore on one of the islands at the entrance to Chequamegon bay.

Gale at Mound City, Ill.

Mound City, Ill., Nov. 27.—A terrific gale from the southwest prevailed here all Thursday afternoon and at 3:30 it broke in fury. Several roofs were lifted, chimneys were wrecked, and considerable damage was sustained. The steamer Dick Fowler on her daily trip from Paducah to Cairo was caught in midriver opposite this city and seriously damaged.

Telegraph Wires Down.

Sioux Falls, S. D., Nov. 27.—Sioux Falls and the country surrounding is covered with ice. Telegraph, electric light, fire alarm and telephone wires are down, trees are prostrated and stock is suffering, all feed being buried in ice.

Sioux City Inconvenienced.

Sioux City, Iowa, Nov. 27.—There was a sleet storm Wednesday night and it turned to rain and finally to a thunderstorm. Street-railway traffic is paralyzed.

SLAIN BY GUERRILLAS.

Henry Otaso, an American Citizen, Shot Down in Cuba.

New York, Nov. 27.—According to a letter received in this city from Cienfuegos, Cuba, Henry Otaso, an American citizen, was taken out of his home in Guayabales, Santa Clara province, Oct. 31, and shot by the roadside. The shooting, the letter says, was done by four Spanish guerrillas, who afterward declared that they were acting under orders from Captain Marti.

The Spanish captain is reported as saying that by getting rid of the man the American consul would not be given a chance to interfere in his behalf.

Rural Mail Service a Success.

Washington, Nov. 27.—Reports showing the result of the rural free delivery experiments of the government are reaching the postoffice department from the localities where the service is on trial. They are said to show general satisfaction with the service and good results of the work as a whole.

The reports will be embodied in a special report on the scheme and its feasibility to be forwarded by the postmaster general to congress early in the session.

Americans Celebrate at Rome.

Rome, Nov. 27.—The stars and stripes floated Thursday over the United States embassy, consulate, the American college and the residences of the Americans here. Religious services were celebrated in the national church by the Rev. Dr. Kevin and were attended by nearly all the leaders of the American colony.

RACINE PRISONER TAKES HIS OWN LIFE.

George Ritter, Who Was Charged with Attempting to Kill His Wife, Kills Himself on Thanksgiving Day—Some Other Badger State News.

This Man Was Not Thankful.

Racine, Wis., Nov. 27.—[Special]—George Ritter, who was awaiting trial on the charge of committing a murderous assault on his wife, hung himself in his cell this morning. Ritter, in August last, attacked his wife because of jealousy and nearly cut her to death.

Bandits at Work in Milwaukee.

Milwaukee, Wis., Nov. 27.—At 7 o'clock Thursday evening four men entered Jacob Niednikow's jewelry store, at No. 160 Reed street, and attempted to rob the place. Two covered the proprietor with revolver and ordered him to open the safe. He grappled with the men, who opened fire on him, shooting him in the hand. Niednikow's wife entered, and several shots were fired at her and her child. The men fled, pursued by Niednikow and a crowd, who finally overtook one of the men. He gave his name as William Weltin. Subsequently nineteen others were taken in custody. All are from Chicago.

Don't Fancy Free Text Books.

Milwaukee, Wis., Nov. 27.—The attempt to introduce the free text book system in the public schools of Milwaukee seems to be doomed. The master is in the hands of the committee on text books and a canvass of the members of that committee shows that only one of them is in favor of free text books. In the entire board the majority against free text books seems to be almost as decisive.

Bloomer, Wis., Has a Flood.

Bloomer, Wis., Nov. 27.—The rain that has been falling for forty-eight hours has overflowed Duncan creek. The water is running over the dam and is washing out the west end. The water has reached the streets in many places, buildings between the street and creek standing in water. All trains are delayed. The flood threatens to do great damage.

VICTORY FOR KEANE.

Bishop Is Summoned to Rome—May Be Made a Cardinal.

Washington, Nov. 27.—Bishop John J. Keane, the ex-rector of the Roman Catholic University, is in a fair way to triumph over the enemies who caused his deposition and humiliation. He is almost certain to have the crown of a cardinal's hat placed upon his brow by the pope, and he may soon return from Rome virtually the head of the Roman Catholic church in America. Bishop Keane will sail for Rome Dec. 5. He will arrive in Baltimore on Saturday and remain the guest of Cardinal Gibbons until Monday next.

MANILA NOT THREATENED.

Sensational Dispatches to the Contrary Are Without Foundation.

Manila, Nov. 27.—Despite any dispatches to the contrary, the insurrection which has been going on in the Philippine Islands has not threatened the safety of residents in Manila. It is not possible to tell exactly what progress the rebels have made, as their operations as yet have been confined to remote provinces of the Island of Luzon. Business from this port is uninterrupted, and but little information of the status of the rebellion can be learned from the Spanish military authorities.

Armed Bandits at Work.

Guthrie, Ok., Nov. 27.—J. C. Haver and his brother and the latter's wife, who live east of here, near Wright postoffice, were preparing to retire Wednesday night, when two masked bandits poked guns through the windows and compelled them to throw up their hands. The bandits then robbed the house.

Obey His Own Proclamation.

Washington, Nov. 27.—The president and Mrs. Cleveland attended Thanksgiving services at the First Presbyterian church. Later the presidential family ate a Thanksgiving dinner at the White house. The day was spent quietly, in accordance with the views suggested in the president's proclamation.

Filibusters Captured.

Madrid, Nov. 27.—An official dispatch received here from Havana says that the Spanish gunboat Baracua has captured three boats laden with insurgents, arms and ammunition, in the Majari river, province of Santiago de Cuba.

Castles Arrive at New York.

New York, Nov. 27.—Walter M. Castle of San Francisco and his wife and son, whose troubles in London have been fully told in the Associated press dispatches from London, arrived Thursday on the steamer Havel.

Child Burned to Death.

Findley, O., Nov. 27.—Nellie, the 4-year-old daughter of Mr. and Mrs. S. J. Myers, was burned to death during the absence of her parents from the house. Her clothes caught fire from an open wood fire.

ATTEND MILLER'S FUNERAL.

Many Went to Decatur from Bloomington—Look for a Letter.

Bloomington, Ill., Nov. 27.—DeMolay commandery, Knights Templars, of this city, went to Decatur in a body to attend the funeral of the Rev. James Miller. A special train left this city for Decatur at 1:30 p. m.

There were no developments whatever in this city regarding the affair. The family has been in Decatur since Tuesday morning, when they were called away, and the house has been locked. There has, therefore, been no opportunity to look for a letter from Dr. Miller, which many believe he left for his wife. Some also think it possible that Dr. Miller mailed a letter to his family from Springfield or Decatur before the dreaded occurrence of Monday night, which letter will be found upon the return of the family from the funeral.

Beloit, Wis., Nov. 26—The Rev. Steven C. Butcher of the college class of '95, pastor of a church in New Britain, Conn., was married this evening to Miss Sybil Wheeler of Beloit, the ceremony taking place in the chapel of the First Congregational church, Dr. George R. Leavitt officiating.

Leavitt At Avon.

Avon, Nov. 27—While Master Tom Barker was returning to the cornfield

the horse ran away, throwing him out, and cutting his face quite badly. He was taken to Brodhead and Doctor Nuzum sewed up the gashes. Sherman Hopkins who was with him at the time, sustained slight bruises.

Revival At Orfordville.

Orfordville, Nov. 27—Revival services will be held in the M. E. church, commencing next Monday evening, Nov. 30. Rev. John Lugg of Footville, will be here to assist and will speak each evening.

Big Crop At Avon.

Avon, Nov. 27—The corn crop in this vicinity is so large that it bothers the farmers to the utmost to find storage for it; something with has not troubled them for years before.

COUNCIL CORRECTS THE ERROR

Change Made in Special Election Notice at the Meeting of Aldermen

The common council, at the special session held Wednesday night:

Corrected an error in the order for the special election to decide on municipal or corporate ownership of the water works, the name of the water company, being given as "the Janesville Water Works company," instead of "the Janesville Water Company."

There was some discussion over the matter. Alderman Burnham's motion that the former order be adopted, was lost. Alderman McKey asked if holding the election would result in the matter being taken into court. City Attorney McElroy said it would. Alderman Burnham thought the order was misleading, as it gave the amount of the bond issue as \$56,000 when \$174,000 worth of additional indebtedness went with it. Aldermen Stoddard and Miltimore wanted to know if the matter could not wait until the next city election. Mayor Barnes and Alderman Heddles wanted the matter settled. The order was then adopted.

Burglars at Darlington

Darlington, Wis., Nov. 27—Andrew Hansen, who has been confined in the county jail since August 27, awaiting trial, ended his life by hanging himself. He has been given the privilege of going out in the jail yard to carry in wood and do other work around the building and in some way procured a piece of rope. He went into the water closet and fastened the rope to the ceiling, then put it around his neck and swung off. When found about 7 o'clock Tuesday morning his feet were touching the floor. He was about fifty years old, unmarried and has always been regarded as weak minded. He was a waiting trial for an unnatural crime.

BOTH ELEVENS LOSE BY THE SAME SCORE

HIGH SCHOOL FOOT BALL TEAMS BEATEN.

First Team Cut Harvard Out. However, So They Were Satisfied Anyway. Although Oregon Beat Them—Second Team Defeated at Belvidere—Both Stood 44 to 0

Thankful—Although They Lost.

Janesville players were beaten at Belvidere and Oregon yesterday, but at both places they put up a good game, and we're treated to "the best there was in the house."

The first team of the High school was to have played with the Harvard eleven at Athletic park, but the Harvard men "flunked," to go to Oregon. When the Oregon people learned of the Harvard team's action they at once negotiated with Janesville. The result was, Janesville's team went to Oregon, and Oregon cancelled the date with Harvard. The Oregon boys treated the Janesville players the best they knew how and after the game three cheers were given for Janesville, thereby causing Harvard to grow green-eyed. Manager Barker and his team were given dinner and supper and the eleven got home at 7.20 o'clock. Oregon won the game by a score of 44 to 0.

Second Team Beaten.

The second team was beaten by the Crescents at Belvidere by the same score—44 to 0. The team left on the 12:20 train, and got home at 8:10. The game was played in the rain, and on slippery ground. The Belvidere men averaged 175 pounds each, and outclassed Janesville in weight, by considerable. The players say they were well treated, at Belvidere, and will go down again some time.

The two Janesville teams were as follows:

THIS DAY IN HISTORY.

1600—Henrietta Maria, Queen of England, wife of Charles I, daughter of Henry IV of France and Maria de' Medici, born in Paris; died 1639.

1726—Oliver Wolcott, one of the "signers," born in Windsor, Conn.; died 1757.

1731—William Cowper, popular Christian poet, born; died 1800.

1778—The Sandwich Islands discovered by Captain Cook.

1855—Serrano (Francisco Serrano y Dominguez), ex-marshal and dictator of Spain, died in Madrid; born 1810. Shortly before his death Serrano declared that he had seen 80 changes of ministry in Spain, twoscore rebellions and 12 changes in the head of state. His prominence in the stormy affairs of the realm were due to promotions won in battle by great personal gallantry and the favoritism of Queen Isabella. He defeated the Liberal Espartero, and soon after the marriage of Isabella acquired great influence in her court. The queen made him senator, captain of artillery and captain general of Castile. He was at one time captain general of Cuba.

1894—Czar Nicholas II of Russia married at St. Petersburg to Princess Alix of Hesse-Darmstadt.

CAUSE FOR THANKSGIVING.

There is very little sentiment in trade journals and their prophecy that better times have come to stay. This view certainly looks reasonable. About 315 or 320 mills and factories which were closed before election have resumed operations since, as the dispatches in the interval between the election and the present time show, while about 260 mills have, in the same time, increased either their force or their hours of work. Somewhere between 375,000 and 400,000 persons have either been put to work since the election or have had their hours of work increased. In many instances, too, wages have been advanced. Business improvement to this extent never occurred before in any equal time in the entire history of the country.

Markets, banks and treasury immediately felt the impulse of the great trade revival. The better class of stocks advanced before the election in anticipation of McKinley's victory, thus discounting, in a great degree, the effect of the triumph, but they went up farther and are held firm since. Bank deposits, loans and clearings quickly reflected the change in the situation. The treasury gold reserve, which was \$114,000,000 on November 3, is now up to \$127,000,000. Gold importation has stopped for the time, after an inflow of over \$75,000,000, and possibly it has ended for the year. The immense favorable trade balance, which was one of the causes, and perhaps the chief cause of the inflow, continues, and October touched the high figure of \$63,000,000, but the business improvement, which has already largely advanced prices, and thus promises to diminish merchandise exports, must at the same time increase imports, and thus cut down the favorable balance.

It has been a long time since a presidential candidate got a majority of the state, a majority of the electors and a majority of the popular vote as McKinley did. And it has been a long time since a president had the chance to do the good McKinley will do.

A Great Clothing Sale

A real clothing sacrifice is a thing you are not treated to very regularly, but that is just what E. J. Smith, manager for T. J. Zeigler, intends giving you at present. All the lots of men's suits of which there are but one or two sizes left will be bunched together and sacrificed at about what they will bring to get rid of them. A great many of these suits are our best \$18 and \$20 kind. If you can be fitted you get your choice for \$10 the \$12 and \$15 kind will go at \$8 and so on down the line. Very naturally clothing stock becomes broken of sizes and of course odd measurements accumulate, at this season of the year. Our stock has a number of just such sizes. If you can be fitted in these goods you get a suit at just half price. For instance Monday we will offer one lot 1437, one suit, coat size 34 and vest with 30x37 parts, dark steel gray cashmere, all pure wool, single breasted suit sold at \$20, Monday's price \$10. Is it your size? We will make several such offers as you will notice by our large ad tomorrow evening. T. J. Zeigler.

Sealed Proposals.

By authority of the fire and water committee of the common council, the undersigned will receive sealed bids until Wednesday evening, December 2, at 7 o'clock, at the west side fire station for the purchase of the heavy team of horses belonging to the city now used on the hook and ladder truck. The right reserved to reject any and all bids.

JOHN C. SPENCER,
Chief Engineer.COCHRANE IS HOME
FROM A NICE TOWN
AND HE'S THANKFUL, OH! SO
THANKFUL.

Man Who Took a Drink With a Stranger While the Janeville Man Stood By, Was Poisoned By the Rum and Died That Night—Officer 'Wasn't Dry.'

Thankful to Get Home Alive. Constable Wallace Cochrane is home from Dodgeville—and he's mighty glad of it.

Dodgeville people are very hospitable.

The stranger within their gates may be any old kind of a person—and he may carry a piece of lead pipe wrapped up in an old stocking. Or a billy, or anything else of that nature.

But Constable Cochrane was at J. A. Hopkins' cigar factory when the rum was broken.

While Cochrane was there, a stranger walked briskly into the place and called Daniel Harrington, one of the operatives, into the front room. After talking with him a moment he offered him some wine in a bottle, which Harrington drank. Soon after the fellow went away, Harrington was taken with convulsions, and two doctors and a number of men worked with him all night. The doctors say it was strychnine. Harrington does not know the man who gave it to him, for a good reason—he's dead.

He died last night and the stranger is still at large.

There was a woman in the case, the Dodgeville people thought.

On the way to the depot, a man asked Cochrane to "have a drink."

Cochrane paled.

"I wouldn't drink anything native to this town for \$500," he replied, and giving the Dodgevillian a haughty nod, hastened to the train.

A fatal symptom.

A woman's mind may be on the decline, but it's not bad enough to correct it till she actually passes a "bargain-sale" sign.

Without stopping in to inspect it.

IS IT A TRIFLE?

THAT COMMON TROUBLE, ACID DYSPESIA OR SOUR STOMACH

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an everyday occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectively restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

THE A. RICHARDSON SHOE CO.

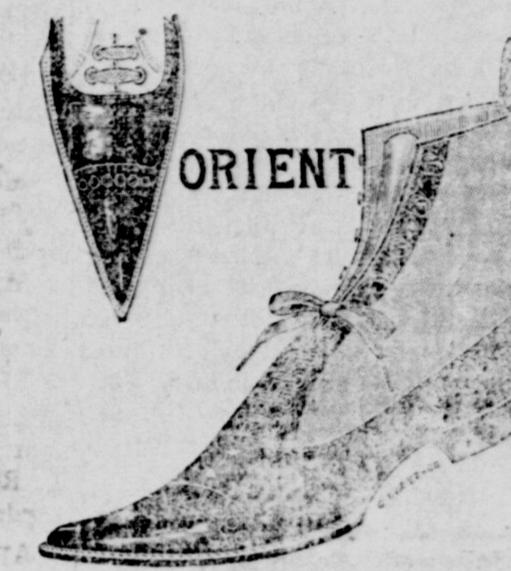

Always At It...

You know the story of the old farmer who advised his boys, when they went out in the world, not to sit down with the pail between their feet waiting for the cow to back up and be milked, but to go out and seek the cow. This fits our case exactly. We do not sit down expecting business to walk in uninvited. We're out after it morning, noon and night, and to get it we know we must do something for YOU—make it to your interest to buy from us—that's what we do.

Now we propose to make it especially interesting for the Gentlemen.

GAY DOCTOR FLEES WITH MRS. DENVER

BAD CLEVELAND PHYSICIAN SOUGHT BY POLICE.

Dr. uSalovan abandoned a Wife and Seven Children, and Took Her \$800 That He Might Locate Here With Another More Fair—Left Ere Sun Was Up.

Thankful That He Got Away.

If the police of Cleveland, O., tell the truth, Dr. Solomon, alias Dr. Salovan, of that city, is a very nice man. He is charged with deserting his wife and seven children; stealing eight hundred dollars, and a diamond ring belonging to her; and using the money to come to Janesville to locate with another woman.

Dr. Solomon came here some weeks ago. He represented himself to be a German physician, but appeared to be a Jew. The woman who passed as his wife was good looking, and they had one child with them. The doctor rented an office in a fashionable flat building, and furnished the rooms in fine style. He at once picked up a practice, and was apparently doing well.

Chief of Police Acheson received a photograph and description of Solomon from the Cleveland police, with the request that Solomon be arrested. Solomon had become suspicious, however, and had suddenly departed for Chicago. The letter stated that Solomon had lived in Cleveland for some time and had a wife and large family in that city. The name of the woman with him was given as Mrs. Denver. The letter stated that the doctor had left his wife and seven children to flee with her.

Took Wife's Cash

To get the necessary money, it was said, he had represented to his wife that he desired to locate at Fort Wayne, Indiana. She gave him eight hundred dollars and her diamond ring, and he left, supposedly for the Indiana town. Some time afterward Mrs. Solomon learned that he had not been at Fort Wayne at all, and asked the Cleveland police to find him. Their search had been unsuccessful until a few days ago, when a woman's well known ability to keep a secret let the cat out of the bag. Mrs. Denver, the doctor's alleged wife, wrote a letter to a lady friend at Cleveland, telling her that she and the doctor were here and to write her under another name. The recipient of the letter told her dearest friend that Solomon was in Janesville. The dearest friend told her husband, and he told L. Baum, a real estate broker.

Baum Told Police.

Baum turned the information over to the police, and the letter to Chief Acheson followed. Solomon evidently learned of the letter, for before the letter reached the officers in this city he was gone. He and the woman hastened to the depot in the morning, and took the first train.

Solomon's actions in this city were somewhat peculiar. Some days ago he reported to the police that burglars had attempted to get into his office and he shot at them. He claimed that he had fired at them while they were getting in a window they had raised. The officers found that the window in question could not be raised. Half a dozen bullet marks were found in the casings. The furnishings in Solomon's flat were taken in charge by the dealers who had sold them to him, he having failed to pay for them. The Cleveland police were notified of Solomon's flight.

THE CARES OF EARTH ARE OVER

Mrs. A. J. Glass.

Major S. C. Cobb received a dispatch today announcing the death of Mrs. Albert J. Glass, wife of the former manager of the Janesville Machine Co. in Poughkeepsie, N. Y. Mrs. Glass had been ill for several months, with rheumatism.

Many Janesville friends will learn with sadness of Mrs. Glass' death. Her unselfishness and warmth of heart endeared her greatly while she was a resident of this city, and in the First Congregational church she was a strong influence.

The family have been residents of Poughkeepsie for several years. They went from Janesville to Batavia, N. Y., where Mr. Glass was general manager for the Johnson Harvester Co. They went to Poughkeepsie when he accepted the post of manager of the Adriance Platt Co.

More Night Dresses.

For the fourth time, we place on sale, commencing to-morrow, Saturday, a lot of the popular tealidown night dresses for ladies and gentlemen at the uniform price of 94 cents each. We have sold a great number of these night dresses, have calls for them right along, and thus far this season, have disposed of about 40 dozen. That means quite a few night dresses, and the only thing that has made for us this tremendous showing in the price, quality and make of the goods. If you think 94 cents too much to pay for the night robe, and wish to make the garment up yourself, come in and let us sell you the material. We will save you money. Bort, Bailey & Co.

STOOD AT THE ALTAR ON DAY OF THANKS

BLOW-HILL NUPTIALS CELEBRATED YESTERDAY.

Well Known Drayman Takes Unto Himself a Wife—Reception Given Them at the Home of a Son-in-Law, John Masterson—Some Other Contests of Cupid.

Thankful at Cupid's Altar.

Fredrick Blow of this city, and Miss Alice Hill of Mount Zion, were quietly married at 12:30 o'clock yesterday at the First M. E. church parsonage by the Rev. H. W. Thompson.

Soon after the ceremony the happy couple were tendered a reception at the home of her son-in-law, John Masterson, after which they went to housekeeping in a cozy dwelling at the corner of Sharon and Dixon streets.

Mr. Blow has been in the draying business in the city for a number of years and is 63 years of age. To him and his bride warm congratulations will be extended.

Christman-Conroy.

Harrison Christman and Sarah E. Conroy were married at the home of the bride's parents, Nov. 26, in the presence of a large number of relatives and friends. The bride was dressed in white silk and chiffon trimmings. Joseph Conroy brother of the bride acted as best man and Miss Kitte McGiffin of Engertown as maid of honor. Miss Genie Weirick played the wedding march, and the young couple stood under an arch of white trimmings with smilax and a variety of roses.

R. K. Manston formerly of this city said the words that made them one. The young couple received a large number of presents. The best wishes of a large number of friends will follow them in their new life. They will reside on the farm of Mr. Harrison Christian, father of the groom, in the town of Turtle. The bride is the only daughter of Mr. and Mrs. James Conroy of Shoptire.

Green-Jones.

Fred E. Green, of the plumbing firm of Green & Allen and Miss Nellie Jones were married Wednesday evening at 8 o'clock at the home of Mr. and Mrs. Fred Jones, 156 Terrace street. The ceremony was performed by Rev. E. M. McGinnity. The bride was attended by her sister, Miss Mary S. Jones, while Thomas Jones brother of the bride was groomsman. Only the immediate relatives were present and after the wedding supper Mr. and Mrs. Green were driven to their home on South Main street.

Both bride and groom are well and favorably known. The bride graduated from the Janesville High school with the class of 1888 and for some time past, has been acting as bookkeeper at W. F. Circle's grocery and is a most popular young woman. The groom is one of the city's well known business men and stands high in both commercial and social circles.

CONSULAR REPORTS.

Consul Taney, writing from Belfast, Sept. 4, says:

I have been informed that the president of the Atlantic Transport Steamship company has recently placed an order with the shipbuilding firm of Harland & Wolff of this city for two twin screw steamships of a freight capacity of 10,000 tons each and accommodations for 250 saloon passengers. Each ship is to cost, in round numbers, \$750,000, to be ready for service within a year and to be in all respects equal to the best type of Atlantic Liners. The addition of these two fine steamers to the fleet is expected to greatly improve the service and popularize the route, and it is expected that the time from port to port will be reduced 24 hours. This company runs a line of steamers between New York and London and also between Baltimore and London. The stock of the company is owned principally in the United States.

New Docks In Gibraltar.

Under date of Aug. 31 Consul Sprague in his annual report refers as follows to the building of new naval docks in Gibraltar:

The continued increase of the British navy in battleships and cruisers of formidable dimensions is urging upon the government the necessity of establishing without further delay increased docking facilities for their new specimens for naval warfare, not only at home, but in the colonies. Gibraltar has been one of the coaling stations which have already received the earnest attention of the admiralty, owing to its deficiency in dock and other accommodations for the refitting of warships, besides securing protection from outward attack for the large stock of coal that has to be kept on hand. The construction of these formidable works has already commenced with the employment of about 4,000 workmen of all classes, who are daily kept hard at work under special charge of superintendents sent out from England by the admiralty authorities, who control everything connected with this important undertaking, which is likely to consume at least five years for its completion and an outlay of several millions of pounds sterling.

Prospects For the Cotton Crop of Egypt.

Vice Consul General Washington reports from Cairo, Sept. 8:

The present season's cotton crop in Egypt promises to surpass all previous years in quality, judging by the reports received up to date from the provinces. According to the statistics compiled by the finance department, the area under cotton this year amounts to 1,050,000 feddans (a feddan is about the equivalent of an acre), as compared with an area of a little under 1,000,000 feddans last year. Last year's crop is calculated at 5,200,000 kantars (a kantar, 100 pounds), so that on the basis of area alone a crop is expected of about 5,500,000 kantars. In addition to the increased area of cultivation the cotton crop has been favored by the hot, damp weather of the past five weeks, and the result is that generally the plants have borne an abundant crop of pods, these in some districts being described as extraordinarily numerous.

Up to the present there has been no appearance of the worm which caused such alarm last year, its ravages leading to the appointment of a commission to study the question of destroying the insect.

Several consignments of this season's crop have already reached Alexandria from upper Egypt, and picking has begun to a limited extent in lower Egypt.

Four small consignments from the delta were yesterday offered for sale in Alexandria, but buyers refused to pay the price asked.

A New Burner For Petroleum.

Consul Sawter, writing from Glashau, Germany, Sept. 8, 1896, says:

A new burner for the use of petroleum has been brought to my attention very recently. The news comes from R. Dietmars of Vienna, a prominent firm, who are awaiting the perfection of their invention before putting it before the public. The new burner, by the application of an incandescent body, is said to produce the same beautiful effect as incandescent gas and to be much more economical. The exterior burner differs but slightly from the ordinary petroleum burner. It is its interior mechanism which produces the Bunsen light—a mellow, clear, white light of exquisite softness. This effect is obtained from the formation of an extraordinarily intense heat, by which the incandescent body is brought to incandescence, promoting combustion without heating the petroleum balloon or burner and completely exhausting the petroleum, not leaving the most remote trace of unpleasant odor, as is most frequently the case where petroleum is used as light.

American Trade Journal For Japan.
Consul General McIvor of Kauagawa, under date of Aug. 19, 1896, forwards to the department two copies of a memorial prepared and presented by the editor of The Eastern World, a weekly news publication of Yokohama, to the chambers of commerce of New York, Chicago, Philadelphia, Baltimore, Tacoma and San Francisco, soliciting their co-operation and aid in the proposed publication in Japan of an American-Japanese trade journal.

DEAL IN MINES OF GOLD.

New York Man Discovers a Peculiar Industry In Georgia.

"I was traveling through the abandoned goldfields of Georgia, where John C. Calhoun and others made riches before the discovery of gold in California," said a New York cotton mer-

chant. "There are a number of deserted stamp mills and a few that are yet running. After supper I asked a little boy about the gold mines:

"How much gold has been taken out of here?"

"I dunno. A heap, though."

"Does any one ever come to open up the mines again?"

"Sometimes. I dunno how people live if they didn't. Do yo' wan' a mine?"

"Why, if I could find a good gold mine cheap, I might buy it. Have you any for sale?" I answered facetiously.

"I don't think dad has none fixed now. I heard mamm tell 'im 'e'd better git one ready, an 'e 'lowed 'e would, but 'e hadn't done it yet." —New York Press.

Depends on the Point of View.

Jakie—What does it mean by "securing the humorous side of things?"

Father—Well, my son, take a banana peel, for instance. How many sides has it?

Jakie—Why, two, of course.

Father—Exactly; and when some other man steps on that banana peel, he sees the serious side of it, and you see the humorous side.—N. Y. Truth.

"Let parents not live for their children, but with them." The mother should allow no false modesty to stand in the way of her daughter's knowledge of herself, of her possibilities, of her perils.

For over thirty years Dr. Pierce has used his "Favorite Prescription" as a strengthener, a purifier, a regulator. It works directly upon the delicate, distinctly feminine organs, in a natural, soothing way. It searches out the weak spots and builds them up. A woman who would understand herself should send 25 cents to the World's Dispensary, Buffalo, N. Y., for Dr. Pierce's Medical Adviser, a book of 1008 pages.

The three-year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of group. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros., of that place; and they handle a great many patent medicines for throat and lung diseases. He had all these to choose from, and skilled physicians ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other and famous the country over for its cure of cough.

Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold at C. D. Stevens' pharmacy, corner Main and Milwaukee streets,

How to Cure Bilious Colic.

I suffered for weeks with colic and pains in my stomach caused by biliousness and had to take medicine all the while until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured me at once. I have recommended it to a good many people. Miss F. Brown, Fairhaven, Conn., Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold at C. D. Stevens' pharmacy, corner Main and Milwaukee streets.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton, of Sutter Creek, Calif. "This cold left me with a cough and I was expectorating all the time. The Remedy cured me and I want all my friends when troubled with a cold to come to it. It will do them good." Sold at C. D. Stevens' pharmacy, corner Main and Milwaukee streets.

FREE TO EVERY MAN

THE METHOD OF A GREAT TREATMENT FOR WEAKNESS OF MEN.
WHICH CURED HIM AFTER EVERYTHING ELSE FAILED.

Painful diseases are bad, but when a man is slowly wasting away with nervous weakness, the mental forebodings are ten times worse than the most severe pain. There is no let up to the mental suffering day or night. Sleep is almost impossible and under such a strain men are scarcely responsible for what they do. For years the man sat at home, brooding over a settled sense of sexual weakness until it was a question whether he had not better take a dose of poison and thus end all his troubles. But providential inspiration came to his aid in the shape of a combination of medicines that not only completely restored the general health, but charged his weak, emaciated body with a real sense of vigor, and he then declared that any man who will not be troubled to send his name and address may have the method of this wonderful treatment free. Now when I say free I mean absolutely without cost, because I want every weakened man to get the benefit of my experience.

I am not a philanthropist, nor do I pose as an enthusiast, but there are thousands of men suffering the mental tortures of weakened manhood who would be cured at once could they but get such a remedy as this that cured me. Do not try to study out how I can afford to pay the few postage stamps necessary to mail the information, but send for it, and let me assure you that there are a few things in this world that although they may seem to get them are worth a fortune to some men and mean a lifetime of happiness to most of us. Write to Thomas Slater, Box 491, Kalamazoo, Mich., and the information will be mailed in a plain sealed envelope.

NELLIE GRANT'S DAUGHTER.

Vivien Sartoris About to Make Her Debut In Washington Society.

One of the most prominent debutantes of the coming Washington season will be Miss Vivien Sartoris, daughter of Nellie Grant Sartoris and granddaughter of General Grant. Many a Union veteran will feel older when he learns that the young woman who is to be the center of admiration in the national capital this winter is the daughter of the little girl whom he remembers to have seen during the war, a dainty little miss who was the sunlight of the camps and afterward became the belle of Washington.

Miss Vivien is not yet 17 years old, and most of her life has been spent in England, but she is a thorough American. She has been carefully educated

SICK-POISON.

WHAT IT IS, AND WHERE IT COMES FROM.

Sick-poison is what makes you sick, irritates your nerves, disorders your functions, saps your strength, makes you miserable.

Different diseases have different poisons, some have several, indigestion more than any.

That is, the symptoms of indigestion are caused by the poisons which are created by undigested food.

When you are sick, try to get rid of your poison.

It is often easier than you think, for all nature is helping you. Only the poison is obstinate, but the first step is to go to the root of it.

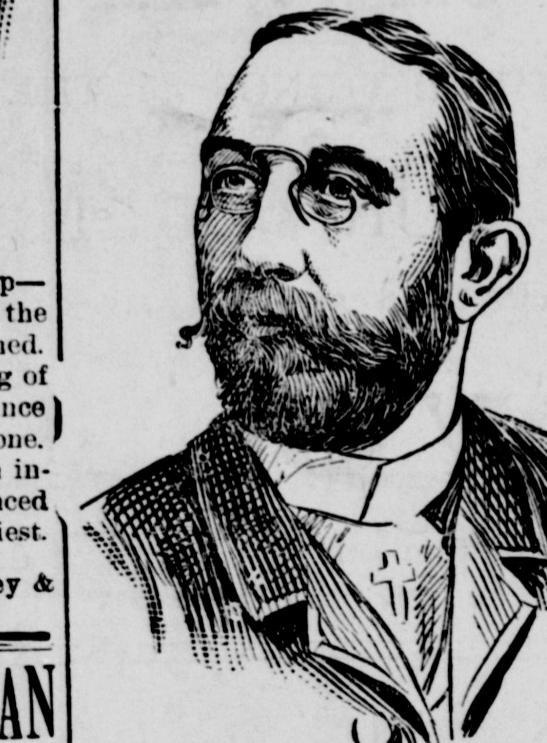

The poisons of undigested food, which cause lethargy, headache, dizziness, weakness, bad taste, stomach ache, fever, flatulence, nausea, constipation, loss of appetite, jaundice, anæmia, neuralgia, rheumatism, etc., these poisons can be swept away and annihilated by the Shaker Digestive Cordial.

Curing the stomach and helping it to digest food, when it is too weak to do so by itself, will purify your system of poison and renew your strength and health.

Shaker Digestive Cordial, a pure, vegetable, digestive tonic, made by the Shakers of Mount Lebanon, will cure all disorders caused by the poisons of undigested food, when nothing else will give any relief.

Sold by druggists. Ten cents for a trial bottle.

Write for a book on food. Address The Shakers, 30 Reave Street, New York.

PROFESSOR HERMAN V. HILPRECHT.

world. Professor Hilprecht has discovered that in the year 4004 B. C. there existed in the valleys of the Euphrates and Tigris a very polished state of civilization and that it had already lasted for many thousands of years. The great seat and center of this very ancient civilization was the holy city of Nippur. It has been on the site of this prehistoric metropolis that some of his most remarkable discoveries have been made. Assisted by an able corps of men and with a large fund at his disposal Professor Hilprecht began excavations there in 1888, and the work has been continued throughout the summer months ever since. Thousands of tablets covered with cuneiform inscriptions have been unearthed. Most of these have been taken to the Turkish museum at Constantinople, for the Turkish government recently forbade the importation of archaeological relics, but owing to the valuable services rendered by Professor Hilprecht to the Turkish museum the sultan has presented him with a large and valuable collection, which he has in turn given to the museum of the University of Pennsylvania.

In buying a stove, therefore, look for one that will equip you for emergencies. The old way of building Base Burners gave four flue surfaces radiating heat. This plan is still used by many factories — the "improvements" each year being confined to nickel knobs and filigree work.

The FAVORITE is the only Base Burner in the market that makes full use of the descending flue principle and gives nine flue surfaces radiating heat. DOUBLE heating capacity. SAME quantity of fuel. The Favorite, with an oven, is a work of art as well as a perfectly operating Base Burner. The cooking holes are close to the fire pot and boil quickly.

ELECTION NOTICE.

Notice of Voting For Or Against the Purchase of the Stock of the Janesville Water Company and the Issue of Bonds to Pay Therefor.

Notice is hereby given that pursuant to an order of the common council of the city of Janesville, adopted the 23d day of November, 1896, the proposition to purchase the stock of the Janesville Water Company, at a cost not to exceed \$56,000, and that said city issue its corporate and negotiable bonds for the sum of \$56,000, for the purpose of purchasing said stock and paying for the same, will be submitted to the electors of the city of Janesville, Wisconsin, to vote thereon at a special election to be held in said city on the 8th day of December, 1896, and that such vote will be taken and polled at the following polling places in said city, viz:

First Precinct, First Ward—The building owned by the city on River street, north of and near the engine house.

Second Precinct, First Ward—The building owned by the city on Terrace street, north of and near Washington school.

First Precinct, Second Ward—The store room in the Myers building at No. 49 North Main street.

Second Precinct, Second Ward—The building owned by Thoroughgood & Co., at the corner of Fourth avenue and North Main street.

First Precinct, Third Ward—The store room in the building owned by W. B. Conrad at No. 1.

Second Precinct, Third Ward—The building owned by the city on Racing street, east of and near South Main street.

First Precinct, Fourth Ward—The store room at No. 16 South River street.

Second Precinct, Fourth Ward—The building owned by William Skelly at No. 53 South Academy street.

Fifth Ward—The building owned by the city on Holmes Street, east of and near Center avenue.

That said vote will be taken while said polling places are open, viz: From 6 a. m. to 7 p. m. and will be taken and canvassed by the inspect-

ors and clerks of the several wards and precincts of said city for the last annual election; that the same will be by ballot, and that the ballots will be printed, and the forms to be voted will be as follows:

(1) For the purchase of the stock of the Janesville Water Company by the city and the issuance of city bonds to pay therefor.

(2) Against the purchase of the stock of the Janesville Water Company by the city and the issuance of city bonds to pay therefor.

And that such election will be conducted and returns thereof be made, at the result hereof declared, in like manner as general city elections in said city are, under the charter of said city, required to be conducted and the returns thereof made, canvassed and declared.

Pitiful Suicide.
Burlington, Iowa, Nov. 27.—Miss Ella McGrath took laudanum Wednesday and died. "Lack of clothing and too much work" was the explanation given in a note left under her pillow.

Terre Haute Pioneer Dead.

Terre Haute, Ind., Nov. 27.—Mrs. Sarah Tillotson, who was buried Thursday from the Old Ladies' home, was the last survivor of those early settlers who took refuge in Fort Harrison on the banks of the Wabash, four miles from the city, in September, 1812, at the time Tecumseh's braves were fighting General Harrison's forces. The fort was in command of Capt. Zachary Taylor, afterward president. Her husband was the first mayor of Terre Haute.

THEY are made upon honor, full and long, of the celebrated Amoskeag Teasel Down Outing Flannels.
